REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art, either singly or in combination, fails to anticipate or render obvious, the limitations of: forming a second masking layer covering the first and second regions of the first gate oxide layer but exposing a partial portion of the second region, the partial portion being defined as a third region of the first gate oxide layer; exposing a surface of the semiconductor substrate by etching the third region of the first gate oxide layer exposed by the second masking layer; and forming a second gate oxide layer with a second predetermined thickness on the exposed semiconductor substrate and the first region of the first gate oxide layer to thereby form a third gate oxide layer on the first region with a thickness combined of the first predetermined thickness and the second predetermined thickness, as required by independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard A. Booth whose telephone number is (571) 272-1668. The examiner can normally be reached on Monday-Thursday from 7:30-6:00.
